

To import vendors into RSA please download the RSA_VENDOR_IMPORT.csv

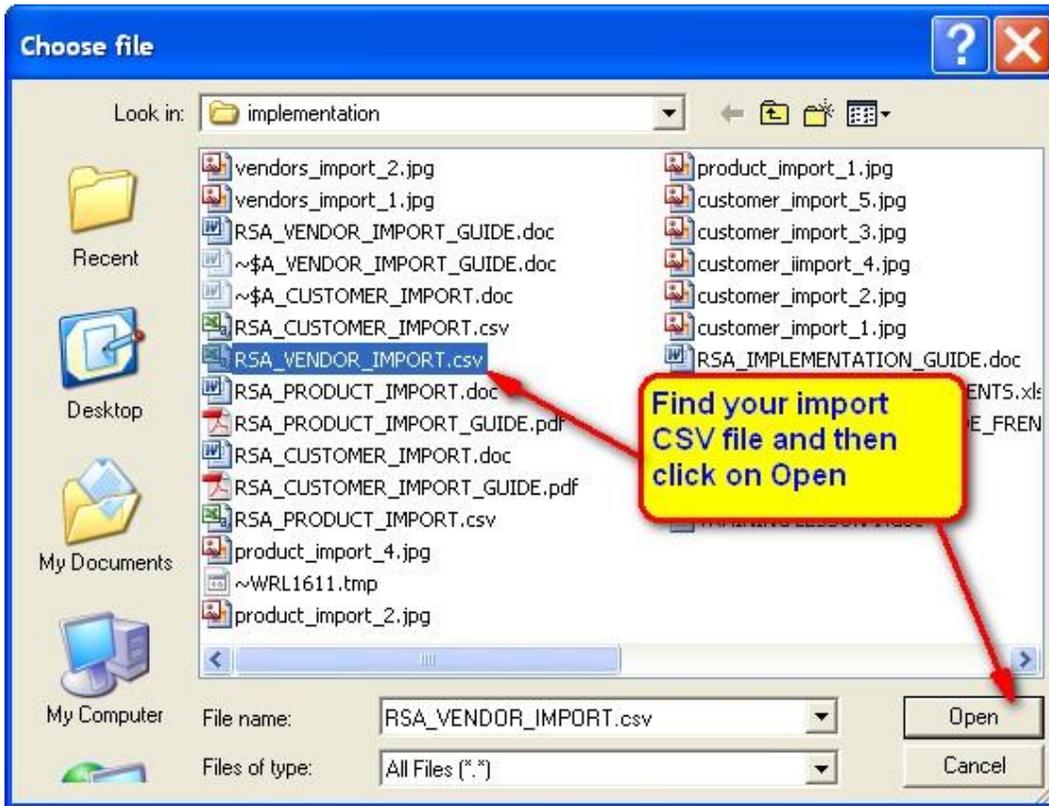

You can open the file in Excel.

There are some sample records, remove them before entering your necessary information.

Once you are ready, complete the following steps.

Once completed RSA will display the number of records imported

Transaction [IMPORT DATA...] Accepted, Value [7]

NOTES

(*) Any fields not in spreadsheet, left blank OR the value entered is NOT found in RSA, RSA will use the values from the DEFAULT vendor during the import process.

Prior to beginning the import process, please make sure that :
DEFAULT vendor in RSA is properly configured
All necessary records in the VENDOR RELATED tables have been added.

The order of the columns does not matter EXCEPT for vendorno, which must be the first column.

You can re-import at any time and RSA will automatically update all fields.
